In-Person Meeting Club Discussion Topic Ideas

In-person

- Most likely, meeting facilities will require masks and social distancing for several months
- How to keep the in-person limited to the number of chairs in a social distanced room, masked required ...
- For in-person meetings, we'll probably need to clean before and after the meetings
- In-person meetings lose all the virtual benefits – judges around the world, members around the world ...

In-person + virtual

- More people are needed to run the meeting with remote and in-person
- More points of failure. Additional complexing means increases the failure rate.
- If you don't have good Wi-Fi, will a phone data connection be sufficient for video streaming
- Joint meeting style means paying rent for the half that show up in-person

Members

- The comfort level of staying home could surpass the value of joining in-person meetings, leading to members leaving
- We don't know if remote members want to continue as remote members
- Prints probably require in-person meetings, print gathering, judges viewing
- More than anything, teamwork will be critical when moving away from remote meetings
